SKILLS

WEB

GRAPHISM

OTHER

- English: professional skills
- Pack Office & Google Doc (mastering)

TEMPERAMENT

Autonomous : Audidacte in coding, graphism and 3D

Multidisciplinary and creative : heterogeneous study courses and experiences

Entrepreneurship : Involvement in 6 Startup Weekends and 2 Hackathons . Creation of a student association

Curious : Travels in Europe, Asia and North America

PROFESSIONAL PROJECT

I continue to hone my skills in mastering all the links of the creative chain: graphic identity, graphical charter, User Interface & User Experience (UI/UX), server programming, and database architecture.

My aim is to carry out web projects from start to finish - *design + fullstack developer*.
